

PRESSMAN & ASSOCIATES, INC.

Governmental & Public Affairs

To The City of St. Petersburg, Florida:

Please accept this communication as a formal request for a Land Development Code Text Amendment.

Clearchannel Outdoor seeks re-consideration of the recently reviewed ordinance and agreement of which were voted upon this past August, 2011.

Clearchannel Outdoor seeks this consideration with the following proposed changes:

- 1) Elimination of the sunset clause, to be replaced with an option for future councils to sunset digital billboards no sooner than 20 years from an agreement date.
- 2) Any application for conversion of an existing billboard to digital must be accompanied by demolition permit applications for all required non-digital billboard take downs contained within the agreement. Electrical final sign off's on digital sites will only be approved after all required non-digital billboard take downs are removed and finalized.
